SUMMARY

Frontend Engineer with 3 years of experience building SaaS products with technologies like TypeScript, React, Redux, D3, NodeJS, Python and more. I love building practical tools that are delightful to use and bring real-world value.

My additional experience as an entrepreneur showcases my ability to adapt, take initiative, communicate effectively, and learn whatever it is I need to take a project from 0 to 1.

WORK EXPERIENCE

Read.ai

Dec 2021 – Mar 2023

Software Engineer, Front End

Remote - Seattle, WA

- As a core member of the Frontend team, I owned several products and features, conducted deployments, refactored existing code, and created maintainable and scalable front end systems
- Developed a Chrome extension that utilized Browser APIs to inject a React application directly into Google Calendar, suggesting the best meeting times and providing meeting recommendations
- Led the development of user settings page redesign, refreshing the UI and adding additional user settings, reducing incoming bug reports by 60%
- Led the implementation of an entire redesign of our company marketing website using Webflow (CMS), resulting in a 300% increase in app signup conversion rate
- Implemented Google Analytics tracking across all Read platforms, enabling us to optimize marketing funnels, conduct AB testing, and measure individual product performance

SwingSlidePlay.com

Nov 2018 – Dec 2019

Founder

Campbell, CA

- Owned and operated an ecommerce business selling playground equipment that did \$50,000 in revenue
- Implemented user heat-mapping and AB testing solutions to measure user behavior and make incremental website adjustments, resulting in a 4x increase in conversion rates

Pliancy

Nov 2018 – Nov 2019

IT Engineer

Campbell, CA

- As the primary engineer & consultant for over 20 venture capital and private equity firms, I managed, implemented, and supported all IT needs from general IT support to full office build outs
- Deployed dozens of cloud-managed networks, security camera systems, and conference rooms to ensure smooth business operations
